EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 26, line 16 (last line), after "oscillation" insert: "signal" .

The change has been made to provide proper antecedent basis.

The following is an examiner's statement of reasons for allowance:

Claims 16-25 are allowed because the prior art does not disclose or suggest an electronic timepiece with a power source generating unit, an oscillation unit, and a boosting unit as claimed in claim 16, and a boosting control unit controlling the boosting unit to boost the power source voltage only for a predetermined period of time after the oscillation unit starts to operate based on the oscillation signal, and a timing unit for timing when the predetermined operating voltage boosted by the boosting unit is applied to the timing unit.

Claims 26-33 are allowed because the prior art does not disclose or suggest an electronic timepiece with a power source generating unit, an oscillation unit, a boosting unit, and a power source voltage detecting unit as claimed in claim 26, and a boosting control unit controlling the boosting unit to boost the power source voltage after the oscillation signal until the detecting unit detects the predetermined power source voltage, and a timing unit for timing when the predetermined operating voltage is applied to the timing unit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vit W. Miska whose telephone number is 571-272-2108. The examiner can normally be reached on M-F 9-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, P. Bradley can be reached on 571-272-2001. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
